

“TAKE CONTROL OF YOUR FUTURE”

Marino Campus Open House

For Prospective Students and Families

*Post-secondary educational opportunity for
young adults with autism or other developmental disabilities*

Marino Campus offers three unique 10-month programs that can lead to nationally recognized industry certifications in computer technology, hospitality, and retailing. Marino Campus certification programs are unique in that instruction is individualized through person-centered planning. The program also includes job placement services and on-the-job coaching.
